RUGGERO

ALFA

RUGGERO™

▪ MADE IN **MELBOURNE** ▪ SINCE 2006 ▪

CAFFÈ MACCHIATO MATE

With its daring curvaceous look, it makes a stately impression that will make your mates envious.

The Ruggero Alfa continues the tradition of world-renowned reliability, exceptional coffee making ability and the unique option to customise the machine to your individual specifications.

The Ruggero Alfa is hand-made in Melbourne by a team of expert artisans. From the strong fibreglass shell, through to the solid brass decorative chrome trim, each component has been hand moulded from quality materials, to form the unique shape, The Ruggero Alfa.

Designed and manufactured right here in Australia for the Australian coffee industry, you can 'Espress yourself' with an unlimited choice of colours, display your logo, #hashtag or your motto in the backlit light box.

A traditional machine with a proven hydraulic design which will work tirelessly for you day in and day out. Delivering consistency to the cup in a refreshingly simplistic way. The ease to operate this machine makes it one of the most popular models used in Café's throughout Australia.

These are features that make the Ruggero Alfa a truly unique espresso machine. Exclusive to Disavè Espresso Equipment Suppliers.
